- 94 At which place in North Gujarat the river Narmada and the river Saraswati were brought into contact ?
- 95 In which month is the wild life week celebrated ?
- 96 Which bird lays eggs in other bird's nest ?
- 97 Which animal gives birth to young one ?
- 98 In which state the flood condition is normal for every year ?
- 99 Which country was affected by earthquake on 18th October 2005 ?
- 100 What is called to the young one of camel ?
- 101 Which bird is known as Gujarat National Bird ?
- 102 Which continent is called animal museum ?
- 103 Which is not the member of food chain ?
- 104 In which layer of atmosphere the life can not be seen ?
- 105 Which animal possess longest life span ?
- 106 Which region has the lowest temperature ?
- 107 What is growth rate of population in the world ?
- 108 Where is the maximum growth of Bamboo in Gujarat ?
- 109 Which knowledge is necessary to forecast about Earthquake ?
- 110 What is the population of the earth ?
- 111 How much forest area should be in standard condition on the world ?
- 112 Geographical area with less than five thousand population is called
- 113 Which is the main reason for the increase in population ?
- 114 Which of the following disease is not caused by water ?
- 115 To stop erosion we should \_\_\_ in relation with environment.
- 116 How much percentage of water covers the earth ?
- 117 By which name is the region known from London to Benningham in relation with environment ?
- 118 To control what the standard of Euro 1 and Euro 2 were executed ?
- 119 Which of the followings is not counted in the 'Red list' of rare species ?
- 120 \_\_\_ is prepared to keep the record of numerical condition of different kinds of living animals' species.
- 121 This garbage is degradable solid garbage.
- 122 According to survey in 1996 in New York city police got \_\_\_\_\_ unhereditary vehicles scrap.
- 123 In our country the solid garbage is used for which purpose ?
- 124 Which place becomes residence for harmful small animal like mouse ?
- 125 By which method is the solid garbage of farmacy used ?
- 126 According to survey in A grade cities \_\_\_ ton solid garbage is produced.

- Turtle
- Whale
- Sabarmati
- Sismograph
- Weed
- Honeybee farming
- Earthquake
- 5th June
- Shetrunjya
- Humming bird
- Theory of evolution
- Siddhapur
- May
- Cuckoo
- Scorpion
- Bihar
- Pakistan
- Botdu
- Falmingo
- Australia
- Liverworm
- Inosphere
- Tortoise
- Arctic
- 2%
- Dang
- Geology
- Six thousand million
- 33%
- Town
- High birthrate and the growth of medicine
- Pneumonia
- To sow Trees
- more than 70%
- Dark region
- Air pollution
- Lost species
- Red data book
- Used sugar cane
- 40,000
- To fill pits away from society
- Solid garbage
- To use in bio-gase plant
- 20 Lakh

- 127 Which of the following solid garbage is problematic for the world to dispose ? - Plastic
- 128 Which is the biggest source of water on the earth ? - Ocean
- 129 In relation with Indian industry things are failed. - Water and energy
- 130 According to the report of UNESCO in 2025 \_\_\_\_ population of the will be at the area of sea-coast of the world. - 50%
- 131 What gives maximum contribution for water pollution ? - Floating and broken oil tankers in sea
- 132 Accidentally spreaded oil on the surface of the sea causes \_\_\_\_ - Decreasement of O<sub>2</sub>
- 133 Where can we find the forest of meghroov ? - Shallowy and alluvium area
- 134 What was the reason for the death of 80,000 fishes at 'Bombay Haji Mota' in 1985 ? - Cyanide, Iron and Mercury
- 135 When mercury becomes poison by collecting in fishes ? - When mithyl turns into mercury
- 136 Which disease is known as the most dangerous disease now days ? - AIDS
- 137 This reason can not be counted as the cause of AIDS. - To use clothes and vessels of patient
- 138 By this test the AIDS can be firmly diagnosed ? - Western blood test
- 139 AIDS is counted as the most dangerous disease because \_\_\_\_ - This disease is in heritage disease
- 140 This person is known as the transporter of HIV - If HIV can be found in blood
- 141 \_\_\_\_ is the virus of AIDS - HIV virus
- 142 This disease happens due to blood contact. - AIDS
- 143 How can we test Thelesemia ? - Blood test
- 144 The reason for diabetes is \_\_\_\_ - 21st March
- 145 Which city of Gujarat has the largest population ? - Ahmedabad
- 146 How much land can be shared in context with now days population ? - 0.17 hectare
- 147 How much percentage of the water on the earh is useful ? - 3%
- 148 In which country does the Lion and the Tiger exist ? - India
- 149 Which species of animal will be lost in the centre of the 20th century in India ? - Leopard
- 150 Which wild animal has the largest size ? - White bear
- 151 On which day is world forest day celebrated ? - 21st March
- 152 \_\_\_\_ percentage of land of Gujarat is forest. - 9.7%
- 153 Which wild animal lives with family in open forest ? - Lion
- 154 On which day is the world environment day ccelebrated ? - 5th June
- 155 What is anthrax ? - Disease
- 156 Which of the following disease is not related with water pollution ? - Common cold
- 157 Malaria is spreaded by \_\_\_\_ - Mosquito
- 158 In drinking water, the excessive amount of \_\_\_\_ causes florosis. - Floride
- 159 \_\_\_\_ percentage is of forest in total land of India. - 23%
- 160 In which district of Gujarat half Desert is situated ? - Surendranagar
- 161 Extreme use of unnatural fertilizer causes \_\_\_\_ for the crop. - harm
- 162 In cement industries \_\_\_\_ is used the most. - lime stone
- 163 Injection, bottles of medicine, bandaging or human limbs as garbage is called \_\_\_\_ - bio-chemical garbage
- 164 Bee, Mosquito, Cockroach etc. are \_\_\_\_ for human beings. - harmful
- 165 T.B. is related with \_\_\_\_ - Respiratory system
- 166 \_\_\_\_ is the apparatus (instrument) to measure the intensity of noise. - Octavemeter
- 167 The noise more than \_\_\_\_ decible is harmful. - 75
- 168 In atmosphere \_\_\_\_ coat constrain Ultra violet rays. - Ozone

- 169 \_\_\_\_\_ can not be reused.
- 170 Which gas has most percentage in atmosphere ?
- 171 To live which gas we need ?
- 172 Plastic \_\_\_\_\_ fertility in land.
- 173 Animals can digest plastic. (True or False)
- 174 In Gujarat Gir sanctuary protects \_\_\_\_\_ animal.
- 175 By which name the element responsible for the beget of cancer known ?
- 176 The bird flue disease can be seen in \_\_\_\_\_
- 177 Which is Green house gas ?
- 178 યાદગુજરાત સિંહરા અષ્ટિનાં ત્રણ સિંહરા સ્થિતિ \_\_\_\_\_
- 179 The giant fish seen near the sea shore of Saurashtra is \_\_\_\_\_
- 180 The destruction of the animal like dinosaur was due to falling of meteor before \_\_\_\_\_ years as it is believed.
- 181 Which flora was sown in Gujarat before few years to stop increasement of desert ?
- 182 Of which tree's coating is used as homeopathic medicine for cardiac disease ?
- 183 Which animal of the followings eats its own pedigree ?
- 184 Which is not the type of pollution given below ?
- 185 Air pollution is human generated process. (True or False)
- 186 \_\_\_\_\_ is not included in primary polluter.
- 187 \_\_\_\_\_ is not impurity floating in the air.
- 188 In human body, the total percentage of liquid, the water shares more than \_\_\_\_\_ percentage.
- 189 Malaria is spreaded by \_\_\_\_\_
- 190 Minimota' disease is the fission of \_\_\_\_\_
- 191 DDT is \_\_\_\_\_
- 192 Injection, bottles of medicine, bandaging or human limbs as garbage is called \_\_\_\_\_
- 193 Which is not the reason of the noise pollution ?
- 194 Which is not the effect of the noise pollution ?
- 195 T.B. is related with \_\_\_\_\_ system.
- 196 Noise absorbent is used in \_\_\_\_\_
- 197 \_\_\_\_\_ is Radio active
- 198 Which factor is not responsible for the Green house effect ?
- 199 Which gas has most percentage in atmosphere ?
- 200 Where any kind of living animates live is called \_\_\_\_\_

- Coal
- Nitrogen
- O<sub>2</sub>
- decreases
- FALSE
- Lion
- Carcinogen
- Birds
- CO<sub>2</sub>
- સમ (23)
- Whale shark
- 6.5 crore
- Foreign acacia
- Arjun
- Snake
- Radioactive pollution
- TRUE
- O<sub>2</sub>
- CO<sub>2</sub>
- Up to 70
- Female Anophelish mosquitos
- Mercury
- insecticide
- bio-chemical garbage
- Noise of birds
- fever
- Respiratory system
- Industrial unit
- Uranium
- increasing forests
- Nitrogen
- Biosphere

\_\_\_\_\_ / \_\_\_\_\_ = \_\_\_\_\_ / \_\_\_\_\_
