|----|---|---|
| 1  | In a particular place where a group of living being live is known as                        | - Population  |
| 2  | 0°-20° latitude area on earth is known as .....   | - Equator   |
| 3  | Under which category of animals does the cow come ?   | - Mammal  |
| 4  | What is the proportion of carbon- di- oxide in atmosphere ?                                 | - 0.036%  |
| 5  | What is the special name for sea study ?  | - Oceanography  |
| 6  | Which is the basic unit of the study of living animals ?                                    | - Species   |
| 7  | Where any kind of living beings live is known as .....                                      | - Biosphere   |
| 8  | To which class does the Tiger belong in respiratory system ?                                | - 3 <sup>rd</sup>   |
| 9  | Who converts the solar energy into food energy in flora ?                                   | - Chlorophyll   |
| 10 | Which kind of Flora Mould is ?  | - A flora which has a single part   |
| 11 | What is wild life ?   | - Except pet animals and except all living beings useful in ripe of flora |
| 12 | Which is the unit <del>to</del> to measure <u>noise</u> ?                                   | - Decibel   |
| 13 | What type of laws were introduced to control all types of population?                       | - the environment act 1986. (Protection)                                  |
| 14 | Which is green-house gas ?  | - CO <sub>2</sub>   |
| 15 | How many types of bird are found in the world ?   | - 9700  |
| 16 | Which is the community that possess highest numbers of castes ?                             | - Sandhipad   |
| 17 | Gujarat National sea organisation is situated near which city ?                             | - Jamnagar  |
| 18 | In which Year Indian Government organised schedule for water pollution control ?            | - 1974  |
| 19 | How much kilograms of air does a human being use ?  | - 16  |
| 20 | Under which subject the study of balanced inter relation between living beings is studied ? | -   |
| 21 |   | -   |
| 22 | Which is the name of virus which causes cancer ?  | - Carcenogen  |
| 23 | Where is Khamdiya Bird century located ?  | - Saurashtra  |
| 24 | Where is the bear century located in North Gujarat ?  | - Jaisor  |
| 25 |   | -   |
| 26 | Which gas was leaked during Bhopal gas accident ?   | - Methyl Isocyanide   |
| 27 | Which Dam broke during morbi flood ?  | - Machchhu  |
| 28 | In which country was the world mountain assembly was organised in <del>1992</del> 1992 ?    | - Brazil  |
| 29 | When is the earth day celebrated ?  | - April 22nd  |
| 30 | By what day is 5th June celebrated ?  | - World Environment day   |
| 31 | In which city is the administrative office of Bombay Natural History society located ?      | - Mumbai  |
| 32 | In which branch of knowledge was Dr. Salim Ali scholar ?                                    | - Birds   |
| 33 | Which substance when gathered in a body causes silicosis ?                                  | - Silica  |
| 34 | Due to Acid rain when all the fishes of a pond dies, so what is that pond called ?          | - Dead pond   |
| 35 | In which subject we get to know about taking care and to obtain teak wood ?                 | - Silviculture  |
| 36 | What do you learn from horticulture ?   | - Irrigated farming   |
| 37 | By which name is silk worm business known ?   | - Sere culture  |
| 38 | Which of the following animal is social live ?  | - Wood-worm   |
| 39 | Shot on 01/07/23 Ramganga which famous institute exist ?                                    | - Corbat National   |

- 40 What is the decibal point of noise pollution ? - 80
- 41 What punishment is given to a person responsible for water pollution under section E.P.Co 1860 ? - Act 277
- 42 The first act about water pollution in India - Shore Nusence (Bambe and Colab) Act 1853
- 43 For what the forest conversation act 1980 is ? - To stop the destruction of forests
- 44 Under which act is a person punished if he cuts the trees knowingly ? - Saurashtra falling of trees' (In fiction of punishment) Act 1951
- 45 From which year the Gujarat Air act came into existance ? - 1981
- 46 Which is the main flora in Meghroov forest ? - Tiwar
- 47 Which vegetation is without leaves and seeds ? - Hanshraj
- 48 In which district the Natural Education sanctuary is ? - Rajkot
- 49 Is wild ass vegetarian or non-vegetarian ? - Vegetarian
- 50 What is the english word for wild cow ? - Blue bull
- 51 Which animal eats every living thing ? - Bear
- 52 In which duration Berries should be sown ? - October - November
- 53 Which subject teaches about different disease and their levels and possibilities ? - Pathology
- 54 By which name is living being known having primary class of cell ? - Germs
- 55 Where is Royal Botanical Garden located ? - Que
- 56 Which reptile, changing color, is found in the forest of Taranga ? - Chameleon
- 57 How much weight does the sikvoya tree contain ? - 600 ton
- 58 In which disease is Sarpagandha flora used ? - To control blood pressure
- 59 When and in which state did the earthquake of Latur take place ? - Maharashtra, 1993
- 60 Which is India's national flower ? - Rose
- 61 Which is India's national animal ? - Tiger
- 62 The area from the earth to the height of 100 km. is known as \_\_\_\_ - Thermosphere
- 63 -
- 64 -
- 65 By which name the impurity floating in air is known ? - SPM
- 66 Which animal is famous in Gir National sanctuary ? - Lion
- 67 How long is the sea coast of Gujarat ? - 1660 kms
- 68 Which tree grows more on the sea-coast of Gujarat ? - Coconut
- 69 What gives maximum contribution for water pollution ? - Floating and broken oil tankers in sea
- 70 Which is the problematic garbage to be destroyed now days ? - Plastic
- 71 Which is inactive gas in atmosphere ? - SO<sub>2</sub>
- 72 Which of the following elements are counted as the producer in environment ? - Flora
- 73 Which layer of air protects human life on earh ? - Ozone
- 74 In which district Kabirvad situated ? - Bharuch
- 75 Where can we find the population of wild ass ? - The little desert of Kachhh
- 76 In which sanctuary the population of teak wood is found more ? - V. Wasand
- 77 In a particular place all kinds of population of all lives is called \_\_\_\_ - Biomass
- 78 Which device is used to measure temperature ? - Thermometer
- 79 Which publishes the names of rare species ? - Red data
- 80 Which is the biggest respiratory system on the earth ? - Ocean
- 81 Under which category does the whale come ? - Mammal
- 82 During day time \_\_\_\_ gas is given to us by flora ? - Oxygen

- 83 Which animal does not possess teeth ? - Turtle
- 84 Which is the largest animal on the earth ? - Whale
- 85 Which is the longest river in Gujarat ? - Sabarmati
- 86 Which device is used to measure the shock of earthquake ? - Sismograph
- 87 What is herbicide medicine used for ? - Weed
- 88 What type of business is Apiculture ? - Honeybee farming
- 89 With which calamity is the word 'Epicentre' related ? - Earthquake
- 90 On which day the world environment day is celebrated ? - 5th June
- 91 Which is the highest mountain in Gujarat ? - Shetrunjya
- 92 Which is the smallest bird ? - Humming bird
- 93 Which doctrine was presented by Charles Darwin ? - Theory of evolution
- 94 At which place in North Gujarat the river Narmada and the river Saraswati were brought into contact ? - Siddhapur
- 95 In which month is the wild life week celebrated ? - May
- 96 Which bird lays eggs in other bird's nest ? - Cuckoo
- 97 Which animal gives birth to young one ? - Scorpion
- 98 In which state the flood condition is normal for every year ? - Bihar
- 99 Which country was affected by earthquake on 18th October 2005 ? - Pakistan
- 100 What is called to the young one of camel ? - Botdu
- 101 Which bird is known as Gujarat National Bird ? - Flamingo
- 102 Which continent is called animal museum ? - Australia
- 103 Which is not the member of food chain ? - Liverworm
- 104 In which layer of atmosphere the life can not be seen ? - Inosphere
- 105 Which animal possess longest life span ? - Tortoise
- 106 Which region has the lowest temperature ? - Arctic
- 107 What is growth rate of population in the world ? - 2%
- 108 Where is the maximum growth of Bamboo in Gujarat ? - Dang
- 109 Which knowledge is necessary to forecast about Earthquake ? - Geology
- 110 What is the population of the earth ? - Six thousand million
- 111 How much forest area should be in standard condition on the world ? - 33%
- 112 Geographical area with less than five thousand population is called - Town
- 113 Which is the main reason for the increase in population ? - High birthrate and the growth of medicine
- 114 Which of the following disease is not caused by water ? - Pneumonia
- 115 To stop erosion we should \_\_\_\_ in relation with environment. - To sow Trees
- 116 How much percentage of water covers the earth ? - more than 70%
- 117 By which name is the region known from London to Benkingham in relation with environment ? - Dark region
- 118 To control what the standard of Euro 1 and Euro 2 were executed ? - Air pollution
- 119 Which of the followings is not counted in the 'Red list' of rare species ? - Lost species
- 120 \_\_\_\_ is prepared to keep the record of numerical condition of different kinds of living animals' species. - Red data book
- 121 This garbage is degradable solid garbage. - Used sugar cane
- 122 According to survey in 1996 in New York city police got \_\_\_\_\_ unherited vehicles scrap. - 40,000
- 123 In our country the solid garbage is used for which purpose ? - To fill pits away from society
- 124 Which place becomes residence for harmful small animal like mouse ? - Solid garbage
- 125 By which method is the solid garbage of farmacy used ? - To use in bio-gase plant
- 126 According to survey in A grade cities \_\_\_\_ ton solid garbage is produced. - 20 Lakh

- 127 Which of the following solid garbage is problematic for the world to dispose ? - Plastic
- 128 Which is the biggest source of water on the earth ? - Ocean
- 129 In relation with Indian industry things are failed. - Water and energy
- 130 According to the report of UNESCO in 2025 \_\_\_\_ population of the world will be at the area of sea-coast of the world. - 50%
- 131 What gives maximum contribution for water pollution ? - Floating and broken oil tankers in sea
- 132 Accidentally spreaded oil on the surface of the sea causes \_\_\_\_ - Decreasement of O<sub>2</sub>
- 133 Where can we find the forest of meghroov ? - Shallowy and alluvium area
- 134 What was the reason for the death of 80,000 fishes at 'Bombay Haji Mota' in 1985 ? - Cyanide, Iron and Mercury
- 135 When mercury becomes poison by collecting in fishes ? - When mithyl turns into mercury
- 136 Which disease is known as the most dangerous disease now days ? - AIDS
- 137 This reason can not be counted as the cause of AIDS. - To use clothes and vessels of patient
- 138 By this test the AIDS can be firmly diagnosed ? - Western blood test
- 139 AIDS is counted as the most dangerous disease because \_\_\_\_ - This disease is in heritage disease
- 140 This person is known as the transporter of HIV - If HIV can be found in blood
- 141 \_\_\_\_ is the virus of AIDS - HIV virus
- 142 This disease happens due to blood contact. - AIDS
- 143 How can we test Thelesemia ? - Blood test
- 144 The reason for diabetes is \_\_\_\_ -
- 145 Which city of Gujarat has the largest population ? - Ahmedabad
- 146 How much land can be shared in context with now days population ? - 0.17 hectare
- 147 How much percentage of the water on the earh is useful ? - 3%
- 148 In which country does the Lion and the Tiger exist ? - India
- 149 Which species of animal will be lost in the centre of the 20th century in India ? - Leopard
- 150 Which wild animal has the largest size ? - White bear
- 151 On which day is world forest day celebrated ? - 21st March
- 152 \_\_\_\_ percentage of land of Gujarat is forest. - 9.7%
- 153 Which wild animal lives with family in open forest ? - Lion
- 154 On which day is the world environment day celebrated ? - 5th June
- 155 What is anthrax ? - Disease
- 156 Which of the following disease is not related with water pollution ? - Common cold
- 157 Malaria is spreaded by \_\_\_\_ - Mosquito
- 158 In drinking water, the excessive amount of \_\_\_\_ causes florosis. - Floride
- 159 \_\_\_\_ percentage is of forest in total land of India. - 23%
- 160 In which district of Gujarat half Desert is situated ? - Surendranagar
- 161 Extreme use of unnatural fertilizer causes \_\_\_\_ for the crop. - harm
- 162 In cement industries \_\_\_\_ is used the most. - lime stone
- 163 Injection, bottles of medicine, bandaging or human limbs as garbage is called \_\_\_\_ - bio-chemical garbage
- 164 Bee, Mosquito, Cockroach etc. are \_\_\_\_ for human beings. - harmful
- 165 T.B. is related with \_\_\_\_ - Respiratory system
- 166 \_\_\_\_ is the apparatus (instrument) to measure the intensity of noise. - Octavemeter
- 167 The noise more than \_\_\_\_ decible is harmful. - 75
- 168 In atmosphere \_\_\_\_ coat constrain Ultra violet rays. - Ozone

- 169 \_\_\_\_\_ can not be reused. - Coal
- 170 Which gas has most percentage in atmosphere ? - Nitrogen
- 171 To live which gas we need ? - O<sub>2</sub>
- 172 Plastic \_\_\_\_\_ fertility in land. - decreases
- 173 Animals can digest plastic. (True or False) - FALSE
- 174 In Gujarat Gir sanctuary protects \_\_\_\_\_ animal. - Lion
- 175 By which name the element responsible for the beget of cancer known ? - Carcinogen
- 176 The bird flu disease can be seen in \_\_\_\_\_. - Birds
- 177 Which is Green house gas ? - CO<sub>2</sub>
- 178 \_\_\_\_\_ -
- 179 The giant fish seen near the sea shore of Saurashtra is \_\_\_\_\_. - Whale shark
- 180 The destruction of the animal like dinosaur was due to falling of meteor before \_\_\_\_\_ years as it is believed. - 6.5 crore
- 181 Which flora was sown in Gujarat before few years to stop increase of desert ? - Foreign acacia
- 182 Of which tree's coating is used as homeopathic medicine for cardiac disease ? - Arjun
- 183 Which animal of the followings eats its own pedigree ? - Snake
- 184 Which is not the type of pollution given below ? - Radioactive pollution
- 185 Air pollution is human generated process. (True or False) - TRUE
- 186 \_\_\_\_\_ is not included in primary polluter. - O<sub>2</sub>
- 187 \_\_\_\_\_ is not impurity floating in the air. - CO<sub>2</sub>
- 188 In human body, the total percentage of liquid, the water shares more than \_\_\_\_\_ percentage. - Up to 70
- 189 Malaria is spreaded by \_\_\_\_\_. - Female Anophelish mosquitos
- 190 Minimota' disease is the fission of \_\_\_\_\_. - Mercury
- 191 DDT is \_\_\_\_\_. - insecticide
- 192 Injection, bottles of medicine, bandaging or human limbs as garbage is called \_\_\_\_\_. - bio-chemical garbage
- 193 Which is not the reason of the noise pollution ? - Noise of birds
- 194 Which is not the effect of the noise pollution ? - fever
- 195 T.B. is related with \_\_\_\_\_ system. - Respiratory system
- 196 Noise absorbent is used in \_\_\_\_\_. - Industrial unit
- 197 \_\_\_\_\_ is Radio active - Uranium
- 198 Which factor is not responsible for the Green house effect ? - increasing forests
- 199 Which gas has most percentage in atmosphere ? - Nitrogen
- 200 Where any kind of living animates live is called \_\_\_\_\_. - Biosphere
